

Delete Request Form

The Massachusetts DO NOT CALL List

Once a consumer registers a residential telephone number on the Do Not Call Registry, the number will be included on future lists.

To remove a telephone number from the Do Not Call Registry, a consumer must submit a request in writing. Simply print and mail this form to the address below.

Consumers should remove a telephone number from the list when they change telephone numbers. Consumers who get a new telephone number can check whether or not the number is currently registered by checking its status on the website or by telephone. Consumer will have to register their new number when they change telephone numbers.

To remove your telephone number from the Do Not Call Registry, complete the form below and mail it to:
